

LITTLE SMILES[®]

Program

FREE EVENT TO INTRODUCE OUR LITTLE ONES TO ORAL HEALTH!

LITTLE SMILES[®]

Program

✔ Face Painting

✔ Games & Crafts

✔ Costume Contest

and much more

Children are introduced to the dentist and staff at their own pace in a warm and welcoming environment. During your child's visit with us, we will show them all the "tools" and "gadgets" of the dental world, count their teeth and inform them and you about oral health!

Introducing kids to the dentist and the importance of oral health early and in a positive way will help eliminate or reduce anxiety that could be carried into adulthood.
